Adopt a Tree Program

The live oak trees that grace our parks and trails in Fair Oaks Ranch are a unique, natural resource. The Adopt a Tree program helps protect and improve the tree cover that makes our trails and parks such a great place to run, walk, ride and bike.

Individuals, families, and businesses can adopt a tree. Select a specific live oak tree and receive a quote to find out how much it will cost to maintain the tree. You may also choose a donation level and a specific tree will be selected for you. Trees make wonderful living memorials.

*Please note that adopting a tree includes a small plaque at the location of the adopted tree.

Tree Steward Donation Level

\$700 to \$1500 – Price varies based on the size of tree, condition of tree and class of pruning desired.

Grove Steward Donation Level

\$2000 - \$5000 – Price varies based on size, number and condition of trees in grove as well as class of pruning desired.

Class I Pruning is defined: Trim trees complete, remove dead wood, 95% of ball moss, corrective prune, thin and lift as needed per individual tree to provide building, pedestrian, lighting and road way clearance.

Class II Pruning is defined: Remove major dead wood 1" and larger, major sucker growth, some ball moss, and raise canopy to a nominal 7' to 8' over pedestrian areas and 12' over roadways. Lift trees for ample clearance around buildings.

Class III Pruning is defined – Remove major/dangerous dead wood 3" and larger, major sucker growth and raise canopy to a nominal 7' to 8' over pedestrian areas and 12' over roadways.

Note: All slash will be properly removed from the site. All areas affected by the tree work will be raked and blown clean. All oak cuts will be properly painted as required by the City of Fair Oaks Ranch.
